| 13:55 | SABS Standards Development Process | Jabulani Nhlapo SABS |

14:40 Refreshments and exhibition viewing

SESSION CHAIR: Gary Friend

| | | |
|-------|---|--------------------------------------|
| 15:10 | Petrol filling stations | Jan Jooste Inspectica SA |
| 15:55 | Risks Associated To Combustible Dust Handling | Pieter Coetzee Sasol South Africa |
| 16:40 | Closing address | Paul Meanwell, SAFA President |

The South African Flameproof Association is a non-profit body, and is an association of companies involved in explosion prevention/protection techniques for equipment used in hazardous atmospheres in industry and mining.

It comprises almost 200 member companies which include both end users and manufacturers, as well as relevant government bodies and equipment testing houses. The association has branches in Gauteng (Johannesburg) Kwa Zulu Natal (Durban) and the Cape (Cape Town).
